

## SOLIDITY OF GERMAN CREDIT

Prussian Minister of Finance Talks About Campaign Being Made Against It.

### CAUSE OF MONEY SCARCITY.

Is in Consequence of Country's Extraordinary Prosperity—London and Paris Centers of Agitation.

Berlin, Oct. 13.—Baron von Rheinbaben, Prussian minister of finance, today received a correspondent of the Associated Press, to whom he talked concerning the campaign that is being made in Paris and London newspapers against the solidity of German credit and in which it has been made to appear that Berlin bankers have sought to influence the foreign policy of Germany by urging that French money is necessary in the present situation to uphold German public and private finance.

"The scarcity of money in Germany," said Baron von Rheinbaben, "is in consequence of our extraordinary prosperity. The creation of additional means of production and the immense extension of commercial operations have absorbed the existing capital and their fresh accumulations derived from current activity. Many holders of state securities have sold them to meet industrial requirements or share with their money in other dividends of prosperity."

"German government stocks have not felt this tendency more than some of the other European countries, although it would not have been unreasonable if they had done so, because in Germany the investment of savings bank deposits and of the holding of various kind of trusteeships is not compulsory to the extent that it is in France and England, where immense sums are kept continuously in custody by the operation of the law, in the same manner as the national banks in the United States are required to invest in government bonds. We should do the same in Germany and I have drafted a proposed law on the subject of savings banks."

"Although German funds have not been washed in this to the extent that they have in other countries, they have not fallen proportionately more. If foreign countries wish to buy our excellent and strongly guaranteed securities, they are at liberty to do so, but we have no occasion to take any steps whatever to induce them to do so."

### LAURIER DECLINES.

To Express an Opinion on Asiatic Immigration Question.

Vancouver, B. C., Oct. 13.—Sir Wilfrid Laurier, premier of Canada, has refused to gratify the desire of the Vancouver Asiatic Exclusion league for an expression of opinion from him on the Asiatic immigration question. Following the meeting of the league last Monday night Mr. Gordon Grant, secretary, telegraphed to Sir Wilfrid, requesting him to state his attitude on the exclusion question. The following reply has been received from him:

"I am very sorry I cannot comply with your request for an immediate expression of opinion. It would seem to be unfair that I should not be allowed the privilege of forming my own conviction upon as ample information as I can obtain."

## Do Your Meals Fit?

Do You Feel Sling and Comfortable Around Your Waist Line After a Hearty Meal?

Did your last meal taste deliciously good to you, and did you eat all you wanted? Could you have patting your roundness in the back and felt proud of your appetite and of your good strong stomach? Do you feel rosy now because your last meal gave you no inconvenience whatever? If not, you have dyspepsia in some form, and probably never realized it.

If you have the least trouble in your stomach after eating, no matter how little or how much you eat, there is trouble brewing and you must correct it at once.

Most all stomach troubles come from poor, weak, scanty gastric juice, that precious liquid which ought to turn your food into rich, red blood.

If you have weak, scanty gastric juice, if you have sour risings or belchings, your food is fermenting; your gastric juice is weak. If you have loss of appetite, your gastric juice is weak. If you have a bloated feeling of aversion to food, your gastric juice is weak.

You need something in your stomach to supply the gastric juice which is scanty, and to give power to the weak gastric juice. Stuart's Dyspepsia Tablets do this very thing.

Now think—each grain of one of the ingredients of these wonderful little tablets digests 3,000 grains of food. They are several times more powerful than the gastric juice in a good, strong, powerful stomach. They actually digest your food for you. Besides, they increase the flow of gastric juice, just what you need to get all the good possible out of everything you eat. You will never have that "full" and "heavy" feeling after a meal.

Stuart's Dyspepsia Tablets will make you feel happy after eating a good, hearty meal. Take one or two after eating. You'll feel fine—then your meals will fit, no matter what or when you eat.

We want to send you a sample package of Stuart's Dyspepsia Tablets free of charge, so you can test them yourself and be convinced. After you have tried the sample, you will be so satisfied that you will go to the nearest drug-store and get a box. Address: F. A. Stuart Co., 130 Stuart Bldg., Marshall, Mich.

### CHINESE DEGREES.

Graduates of American Colleges Are Awarded Honors.

Peking, Oct. 13.—The conferring of degrees by the board of education upon foreign educated Chinese has just taken place and again the graduates of American colleges have been awarded the honors in seven of the highest Chinese degrees granted. Of these, four went to University of California graduates and one to a graduate of Leland Stanford, Jr., university. This was the third annual conferring of degrees. Since the graduates of American colleges achieved such noted distinction in 1906 a high spirit of rivalry has existed between them and Japanese schooled Chinese, and this is supported by the patriotic feeling in Japan, where the number of Chinese students is increasing annually.

## WILL NOT OPEN WITH PRAYER

Motion to Inaugurate Philippine Congress With Invocation Defeated by One Vote.

### STRANGE REASON WAS GIVEN.

Was That Church and State Should Be Kept Separate—Taft's Influence Will Be Felt.

Manila, Oct. 13.—Great interest is shown in the first Philippine congress, which will take place this week, and the arrival of Secy. Taft, which comes at an opportune time in the inauguration of the Philippine home rule.

Already the contending political factions are showing great activity and at the caucus recently held the first brush occurred over a motion to have the assembly proceedings opened with prayer. This was defeated by one vote, on the broad ground that church and state should be kept distinct.

The caucus was attended by 38 delegates. The position of the assembly on questions relating to the political future of the Philippines is expected to be determined by Secy. Taft, in his address opening the session. This is the view held by Filipinos as well as Americans. The latter are generally in charge of a specific pronouncement on Philippine policy. The course of legislative action will depend mainly on the result of the fight of the Gomez radicals for continuance of the National party.

The Nationalists, when united, exercise controlling influence, but their internal divisions give the Progressive Independents the balance of power. It is charged, so you can test them yourself and be convinced. After you have tried the sample, you will be so satisfied that you will go to the nearest drug-store and get a box. Address: F. A. Stuart Co., 130 Stuart Bldg., Marshall, Mich.

Guerrero, one of the native leaders in Manila, backs Gomez in his promise to secure the repeal of the drastic "flag sedition" laws. If this repeal is carried through, other radical measures probably will follow. The conservative element declares against any extreme legislation and the better class of politicians favor an ultra-conservative course.

The governor-general and the officials of the Philippine commission think that the chief activities of the assembly will be devoted to the enactment of legislation for the general improvement of the islands.

The indication is that Manuel Quizon will be the candidate for speaker. He is believed to be favorably regarded at Washington and his election gives assurance that no real danger for the independence of the Philippines will be considered.

Quizon is one of the two delegates from Tayabas. He is a lawyer and in the last insurrection was a major in the Philippine army.

### SOME NEW AND NOVEL STAGE PRODUCTIONS.

New York, Oct. 13.—Those who follow the trend of affairs of things theatrical must turn their eyes to New York this week if they would keep pace with the new and novel in stage production. During the past few days several plays were tried out in cities other than New York, but this week New Yorkers will have the best chance for novelty. There are three new productions in important theaters, the revival of grand opera in English, the dedication of the newest and probably the handsomest of the new playhouses, and the production of "The Silver Girl," a new comedy drama by Edvard Pophel, comes for its first New York production. The former, in a sense, is a problem play, the theme a love, divided against itself; and the latter a western play without the usual accompaniment of cowboys and "bad men."

After the idea of the Theater Antoine in Paris, Mr. Daly will put on three plays nightly, one of which, this week, will be given by a Japanese tragedienne, Mme. Hanako, who recently arrived in America with her own company of Japanese players after a season in Europe. Not the least interesting of Mr. Daly's innovations is the announcement that there will be no dress or dress, no orchestra, no curtain speeches, and no newspaper advertising.

to disarm him. This they succeeded in doing, but before the weapon was discharged in some manner and Lieut. Adams and Lieut. Hoosier received slight wounds. Quick as a flash, it is said, Sutton took from his blouse another revolver and with this fired the fatal shot into his brain. Lieut. Sutton was 22 years old and the son of James N. Sutton of Portland, Or. He was formerly a midshipman of the present senior class, but resigned in his third class year.

### FATHER CLAIMS ACCIDENT.

Portland, Or., Oct. 13.—James N. Sutton of this city, father of Lieut. James H. Sutton, who died at Annapolis today from a gunshot wound, states that he has unquestionable information from Annapolis to the effect that his son came to his death by accident. He says his information also disputes the statement that young Sutton was possessed of two guns, and that there was an effort made by the young man's companions to disarm him. Further than this, Mr. Sutton says he knows his son had no reason whatever for taking his own life.

### COMO'R BRIGGS INSANE.

Picked Up by Paris Police While Wandering About the Streets.

Paris, Oct. 13.—Commander John Bradford Briggs, U. S. N., retired, was picked up today by the police while wandering aimlessly in the streets and placed in a hospital for the insane. Subsequently he was turned over to Capt. John C. Fremont, naval attaché to the American embassy, who placed him under medical treatment. A dispatch from Paris on Friday said that Commander Briggs's actions were causing alarm to his friends there. He seems to be suffering from the hallucination of persecution. That morning he had created a scene at a prominent hotel by claiming that 600 persons were pursuing him.

### STRUGGLE FOR ILLINOIS CENTRAL MAY GO TO COURTS

Chicago, Oct. 13.—It is possible that the struggle for the control of the Illinois Central railroad between Stuyvesant and the U. S. N. may be taken into the courts.

Today the attorneys of Mr. Fish were engaged in the preparation of a petition asking the court to enjoin any person or corporation from voting any stock in the annual meeting to be held Wednesday next, which may be shown to be owned or controlled by the Union Pacific railroad.

The action, it is stated, will be brought under an Illinois statute which prohibits one corporation from owning stock in another. The attorneys for Mr. Hartman have already declared in favor of possible proceedings along this line that the Illinois Central, by reason of its special charter would be exempt from the operation of this law, even if it were not to be taken into consideration that the Illinois Central is a corporation organized under the laws of the state of Illinois.

Mr. Fish was closeted today for several hours with his attorneys, but would not affirm the report that he was about to institute proceedings to restrain the Illinois Central stockholders from holding their annual meeting.
